MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Cautionary Statement:

Statements in this report on Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied.

Industry structure and developments:

During the period under the review, the Company had been operating in Textile activities i.e. cloth processing. The textile sector has always been an important part of people's lives in India. The textile industry in India is one of the oldest manufacturing sectors in the country and is currently it's largest. Textile machinery and accessories have been identified as core sectors under Make in India campaign The government has been pushing for indigenous production through 'Make in India' campaign to bring down imports.

India is the world's second-largest exporter of textiles and apparels, with a massive raw material and manufacturing base. The textile industry is a significant contributor to the economy, both in terms of its domestic share and exports. The Indian textiles industry is extremely varied, with the hand-spun and handwoven textiles sectors at one end of the spectrum, while the capital-intensive sophisticated mills sector at the other end of the spectrum. The decentralized power looms/ hosiery and knitting sector form the largest component of the textiles sector. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world. Industry faces a non-level playing field in many markets due to tariff barriers, however industry needs to improve its productivity levels, economies of scale and organize itself better for large production at competitive prices.

Segment-wise or product-wise performance:

The primary business of our company is manufacturing of non-woven fabric products.

The Company's main business activity is textile and its related activities which fall under single reportable segment i.e. 'Textiles'. The Company has majorly focused on quality and production.

Nonwoven fabric is a fabric-like material made from long fibres, bonded together by chemical, mechanical, heat or solvent treatment. The term is used in the textile manufacturing industry to denote fabrics, such as felt, which are neither woven nor knitted. Nonwoven materials typically lack strength unless densified or reinforced by a backing. In recent years, nonwovens have become an alternative to polyurthane foam.

Nonwoven fabrics are engineered fabrics that may be a have a limited life, single-use fabric or a very durable fabric. Nonwoven fabrics provide specific functions such as absorbency, liquid repellence, resilience, stretch, softness, strength, flame retardancy, wash ability, cushioning, thermal insulation, acoustic insulation, filtration, use as a bacterial barrier and sterility. These properties are often combined to create fabrics suited for specific jobs, while achieving a good balance between product use-life and cost. They can mimic the appearance, texture and strength of a woven fabric and can be as bulky as the thickest paddings. In combination with other materials, they provide a spectrum of products with diverse properties, and are used alone or as components of apparel, home furnishings, health care, engineering, industrial and consumer goods.

A large number of fibers are available n the market, but the Nonwovens market is mainly dominated by three fibers, namely polyolefin's, polyester, and rayon. These three fiber types make up a substantial part of the

overall Nonwovens markets for fibers.

Nonwovens find numerous applications ranging from baby diapers to industrial high-performance textiles. Some of the important areas where nonwovens are treated as primary alternative for traditional textiles as Geotextiles, materials for building, thermal and sound insulating materials, hygienic and health care textiles and automotive industries. Nonwovens are also used in cover stocks, agriculture, aerospace, home furnishings etc

With the nonwovens successfully moving into more technical end-uses, the fiber requirements have also become more important with regard to the fiber properties. The cooperation between fiber supplier and fabric producers is now seen as important criteria for more advancement to come about in the nonwovens field.

Business

Incepted in the year 1995, the Company is one of a significant player in Non-Woven Products such as Non-Woven Fabrics, Non-Woven Carpets, Non-Woven Felts, Non-Woven Designer Carpets, Tufted Carpets and many others.

We also have high-tech lab, quality control room, site office in order to strengthening our business. We make different design of carpet items at affordable price, so that customers from across the world get benefited by our creativity.

Product wise performance

Product wise performance of the Company has been mentioned in the attached balance sheet of the Company.

Opportunities & Threats

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. The new age Indian consumer, the organized retail potential, which is creating the huge consumption opportunity, is by far the biggest Opportunity for companies like us. With the aspirational and rich

class in India having a better penetration, our product led growth will help the company in both the immediate and long run. Also, with the rural India being revisited by marketers through the modern retail philosophy, the opportunity is huge.

Competition from Indian and global players remain a matter of concern and probable threat; while the company is well prepared to tackle such issues on an ongoing basis.

Risks & Concern

There is stiff competition in the Non-woven fabrics market with new national and international entrants. On a macro level business continues to be impacted by changes in Government Policy and International Markets.

- i. Factors that may affect results of operations
- ii. Fluctuation and increase in raw material prices.
- iii. Non-availability of raw material and other resources
- iv. Supply of Power
- v. New Competitive products
- vi. Government rules and regulations relating to Textiles Industry
- vii. Any slowdown in the economic growth in general in particular

The Company continues to follow a suitable strategy to modify its risk profile by eliminating and significantly reducing key business risks.

Outlook

The Company is continuously trying to accomplish the desired results. The Company will achieve more turnovers by various marketing strategies, offering more quality products, launching new products etc. in coming years followed by increase in profit margin by way of various cost cutting techniques and optimum utilization of various resources of the Company.

Human resource / Industrial relations

The Company believes that the human resources are vital in giving the Company a competitive edge in the current business environment. The Company's philosophy is to provide congenial work environment, performance-oriented work culture, knowledge acquisition / dissemination, creativity and responsibility. As in the past, the Company has enjoyed cordial relations with the employees at all levels. The Company continues to run an in-house training program held at regular intervals and aimed at updating their knowledge about issues

Internal Control Systems and Adequacy

The Company's operating and business control procedures ensure efficient use of resources and comply with the procedures and regulatory requirements. There are adequate internal controls to safeguard the assets and protect them against losses from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly. The Audit Committee periodically reviews the internal controls systems and reports their observations to the Board of Directors. The Directors have appointed M/s. R.S. "Annexure B" to Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

To The Shareholders Indo Cotspin Limited Panipat

We have audited the internal financial controls over financial reporting of Indo Cotspin Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on financial reporting criteria established by the Company considering the essential components of internal controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control

over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.inion, the Company has, in all material respects, an adequate internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
